

THOMAS BROWN

SHOPFITTERS

W

With over 27 years experience, Thomas Brown Shopfitters have evolved as specialists in creating shopfitting solutions for all types of businesses throughout Queensland and Northern NSW. From complete new store designs to full or partial refits, store extensions or accessory needs, we will work with you and/or your architects to maximise your store's efficiency and visual appeal. Thomas Brown Shopfitters strive to create professional, attractive layouts that allow easy access and create an environment where customers feel at ease. Our expertise extends to merchandise display areas, floor traffic efficiencies, signage and any specific personal requirement.

Noosa Lifetime Health Pharmacy

This brand new Pharmacy was installed for one of our valued repeat clients. Store theme was to match their existing Maroochydore Pharmacy.

The project brief included an integrated Doctor's Surgery and Juice Bar. Our client is again, very happy with the result we were able to achieve for them.

Newsxpress Riverlink

We relocated this Newsagency to the brand new Riverlink Shopping Complex into a modern, 'Branded' environment that will allow the store to grow with the surrounding community. Our Client came back to us, trusting that we would deliver this project as we have his past stores. We are all extremely happy with the end result and look forward to working together again.

Noosa Clinic

This medical practice relocated to a new location to be more accessible for their clientele. The owner was heavily involved in the design and planning of the Clinic. A keen eye for detail; he was very impressed with the end product and the service he received along the way.

Amcal Pharmacy Dalby

This large Pharmacy was one of the first of the new look Amcal stores to be rebranded and opened throughout Australia. We were chosen to carry out these works with a short time frame till opening and with many headaches due to head building works being behind schedule. We were able to deliver the Pharmacy on time to the Pharmacist's satisfaction.

Melanoma Scan, Brookside

This professional office fitout was the second we have arranged for a young medical practice. The tenancy shell was an awkward and difficult space but it had a prime location at the end of a very busy shopping mall. We took advantage of this attribute to give the practice a bold, colourful and impressive shopfront. Combined with five consultation rooms, a treatment room and allocation for a pathology clinic; the end result has been well received by doctors and patients alike.

Shop 45, St Peters Lutheran College, Indooroopilly

Our Client's brief was simple and concise: "Take the main service we offer to the school Population (uniforms), add two things (stationery and grocery lines) which we are completely unfamiliar with and have never done before - put them together and create a seamless solution for us"

A great deal of care, thought and endless discussions resulted in an outcome that all involved are extremely proud of and pleased to have been associated with.

K2, Fortitude Valley

This well known and respected mountaineering business has the headquarters and main store at Fortitude Valley in Brisbane and needed to open another store with a more commercial product range. We were chosen to carry out modification works to the base building, an old store in Fortitude Valley, and then fitout the store in a décor that suited the product presentation.

W

We have a full in house design service and keep abreast of the latest trends in materials and finishes through regular visits to international shopfitting displays. Our retail designer works with clients from the first line drawing concept through to full colour 3D designs created on the latest AutoCAD packages.

All of our work is manufactured in our large modern factory and transported to site. We understand the need to be flexible with installation times, with many of our alterations taking place outside trading hours or in stages. We have an experienced team of tradespeople and provide a comprehensive fitout service including painting, floor coverings and electrical work.

Whatever your shopfitting needs, we guarantee and impressive design and the highest standard of quality and workmanship, all backed by our professional service and six month warranty.
